

# PARS

2024  
NAPA VALLEY  
CABERNET SAUVIGNON

The PARS 2024 Napa Valley Cabernet Sauvignon reflects a classic vintage shaped by abundant winter rains and a warm, steady growing season. The result is a wine that balances Napa Valley's hallmark richness with remarkable structure, clarity of fruit, and polished tannins.

#### TASTING NOTES

Deep garnet in the glass, the wine opens with expressive aromas of blackberry, cassis, and ripe dark cherry layered with hints of cocoa, cedar, and subtle baking spice. The palate is full-bodied and structured, revealing concentrated dark fruit supported by vibrant acidity and finely textured tannins that speak to the balance achieved during the growing season. Warm days encouraged depth and ripeness, while healthy vine canopies preserved freshness and aromatic lift. Notes of graphite, espresso, and dark chocolate emerge through the mid-palate, adding complexity and dimension. The finish is long and composed, with lingering dark fruit and savory spice framed by elegant structure, suggesting both immediate appeal and excellent cellaring potential.
